

The Jamaica International Arbitration Centre Limited, in collaboration with the Jamaica Chamber of Commerce and the Construction Industry Council, presents

CONSTRUCTION PROJECTS & DISPUTE MANAGEMENT

A nuts and bolts workshop for the construction industry and aligned professions

This workshop will drill down to the crux of what is required for successful implementation of construction and infrastructure projects, in the private or public sector. The workshop will examine:

- ✓ The mechanics of effective contract negotiation and project documentation
- ✓ End-to-end contract administration, from the perspective of employers, contractors and participating professionals
- ✓ Best practice strategies and tools that can be implemented to secure dispute avoidance, effective resolution of disputes, efficient project delivery and profitability.

The interactive workshop sessions will include practical guidance in strategic negotiation, documentation, tool choice and application for dispute avoidance and for the resolution of disputes.
